FIND THE TRUTH, BUILD TRUST THAT LASTS; UNDERSTAND HIDDEN INTENTIONS

From the comfort of your home or office on Zoom with Pamela Meyer

In this fascinating virtual exploration of personal interaction, Pamela Meyer unveils the secret science of lie detection and interrogation that has never before been brought to the business world. Government officials, border control agents, police interrogators and social scientists have been studying and practicing lie detection and deceptive behavior for years. Pamela takes her participants through a thorough training session that will show them what's hiding in plain sight in every business meeting, job interview and negotiation.

Learning Objectives:

- Read facial micro-expressions to determine subtle signs of deceptive behavior and underlying emotion
- Gain the upper hand in business negotiations by learning specific behaviors liars exhibit while in a negotiation, interview, or meeting –in person as well as on remote platforms
- Master the five-step BASIC method for spotting the lies told in nearly every high-stakes business negotiation and interview
- Identify strategies for eliciting information that are professionally acceptable and grounded in sound ethical deliberation.
- Ask the 5 questions that will get people to tell you anything
- Recognize dozens of postures and facial expressions that should instantly put you on Red Alert for deception
- Distinguish the telltale phrases and verbal responses that separate truthful stories from deceitful ones
- Brilliantly negotiate successful outcomes with the most difficult people in your life

Studies show we are lied to between 20–200 times each day while trust in private and public institutions is at an all-time low: Leaders are lied to most often in high stakes situations. Participants will acquire a new set of skills that allow them to quickly and accurately assess deceptive and potentially costly encounters. They will be given a realistic roadmap for developing institutional trust that lasts.
